Financial Services and General Government

The Subcommittee will only consider CDS requests for items in the following accounts:

- Small Business Administration, Administrative Provision
- National Archives and Records Administration, National Historical Publications and Records Commission
- National Archives and Records Administration, Repairs and Restoration
- General Services Administration, Federal Buildings Fund, Construction and Acquisition
- General Services Administration, Federal Buildings Fund, Repairs and Alterations
- Office of National Drug Control Policy, Administrative Provision -- Prevention Grants

Small Business Administration, Administrative Provision: Projects in support of small businesses, including but not limited to entrepreneur training, counseling, research, and construction or acquisition of facilities. SBA CDS funding cannot be used to provide seed capital for small businesses nor can it be used by the CDS recipient to make grants/loans.

National Archives and Records Administration, National Historical Publications and Records Commission (NHPRC): Projects that help ensure online public discovery and use of historical records collections, encourage public engagement with historical records, strengthen the nation's archival network, or publish documentary editions of historical records. This includes initiatives like record digitization, programming, and online availability of records.

National Archives and Records Administration, Repairs and Restoration: Projects that direct spending for presidential libraries or new archival facilities.

General Services Administration, Federal Buildings Fund, Construction and Acquisition or Repairs and Alterations Accounts: Construction projects typically include federal courthouses, federal buildings, or land ports-of-entry. Repairs projects must be federally-owned properties in need of repair or alteration and are typically federal buildings or federal courthouses. Eligible projects do not include state or county facilities, DOD facilities, VA facilities, or transportation infrastructure facilities.

Office of National Drug Control Policy, Administrative Provision (Prevention Grants):

Prevention programs would include community-based coalitions which, as part of their application, propose data-driven, evidence-based prevention interventions; have established measurable objectives; and proposed implementing a comprehensive mix of strategies. Also, DFC-funded coalitions recently trained by CDC to implement Adverse Childhood Experiences (ACEs) as part of their substance use prevention efforts are recommended. Programs should not be substance specific. Treatment programs are not eligible for CDS under this account
