

United States Senate

WASHINGTON, DC 20510

May 21, 2025

The Honorable Susan Collins
Chair
Senate Committee on Appropriations
United States Senate
S-128, The Capitol
Washington, D.C. 20510

The Honorable Patty Murray
Vice Chair
Senate Committee on Appropriations
United States Senate
S-128, The Capitol
Washington, D.C. 20510

The Honorable Lisa Murkowski
Chair
Senate Committee on Appropriations
Subcommittee on Interior, Environment and
Related Agencies
Washington, D.C. 20510

The Honorable Jeff Merkley
Ranking Member
Senate Committee on Appropriations
Subcommittee on Interior, Environment and
Related Agencies
Washington, D.C. 20510

Dear Chair Collins, Vice Chair Murray, Chair Murkowski, and Ranking Member Merkley:

I certify that neither I nor my immediate family has a pecuniary interest in any of the congressionally directed spending items that I have requested in the Fiscal Year 2026 Interior, Environment and Related Agencies Appropriations Bill, consistent with the requirements of paragraph 9 of Rule XLIV of the Standing Rules of the Senate. Additionally, none of the entities for which I have requested congressionally directed spending are for-profit entities.

Sincerely,

Jeanne Shaheen
United States Senator

**Shaheen, Jeanne(D-NH) Interior and Environment
Congressionally Directed Spending Requests**

Recipient Name	Project Purpose	Project Location	Amount Requested (\$000)
Town of Hopkinton	The Town of Hopkinton is requesting \$1,000,000 in funding to combine with other funding to close the Hopkinton-Webster Septage Lagoons. Hopkinton is requesting funding for the construction of a residual sludge monofil cell, excavation, a low-permeability cap and testing of the soils/cap materials.	Hopkinton NH	\$1,000
Rockingham County	Rockingham County will utilize FY2026 CDS funds for upgrades to the Wastewater Treatment Facility (WWTF) located at the Rockingham County Complex in Brentwood.	Brentwood NH	\$445
Kimball Jenkins Inc	The project will expand the usage and benefits provided by Kimball Jenkins by protecting its historic significance as a community landmark, improving universal accessibility to its buildings and increasing the organization's economic sustainability.	Concord NH	\$500
Northern Forest Center, Inc.	The Northern Forest Center will advance the market for wood-based accessory dwelling units (ADUs) in the New Hampshire North Country including in the communities of Gorham and Conway.	Concord NH	\$200
U.S. Forest Service	Planning, design and first phase of construction of a new net-zero U.S. Forest Service Ranger Station with colocation of related federal and local public-facing agencies.	Conway NH	\$17,000
City of Dover	The CDS funding will be used to complete a comprehensive SCADA (Supervisory Control and Data Acquisition) system assessment and upgrade project.	Dover NH	\$600
Town of Enfield	The Town of Enfield will use the CDS funds to physically connect two recently drilled production wells (Marsh2 and Marsh3) and the new current primary well (Marsh 1) to a new pump house.	Enfield NH	\$485
Town of Hopkinton	Hopkinton will utilize funding to conduct an alternatives assessment analysis and preliminary engineering report to identify and design the best method for upgrading the pump station.	Hopkinton NH	\$115
U.S. Forest Service	This project aims to reconstruct and rehabilitate the overnight experience at Hermit Lake Shelters in Tuckerman Ravine to ensure a national forest experience that better meets the needs and diversity of today's public lands users.	Jackson NH	\$500
Town of Jaffrey	Funding will be used to supplement a \$11,600,000 project to install a treatment facility to remove man-made PFAS chemicals present in the Town of Jaffrey's public drinking water system.	Jaffrey NH	\$1,600
City of Manchester	Requested funds would be used for the planning and evaluation of new main pumps for the wastewater treatment plant pump station. These would replace aging and failing pumps that are original equipment dating back to 1975.	Manchester NH	\$1,250
City of Manchester	A variety of improvements will be implemented throughout the city, including replacement of failing infrastructure, addition of new infrastructure, and installation of stormwater control measures (SCMs) to remove pollutants from stormwater discharges to impaired waters.	Manchester NH	\$2,400
City of Manchester	The funds will be used for restoration efforts at Valley Cemetery, which is listed on the National Register of Historic Places and was donated to the City by the Amoskeag Manufacturing Corporation in 1841.	Manchester NH	\$400
Town of Milford	The Town of Milford will use CDS funding for the design and construction of the proposed Municipal Drinking Water System Improvements. The funds will enable the Town to complete the replacement of the transmission water main that runs on Nashua Street.	Milford NH	\$2,490

Town of New Hampton	The Town will utilize the CDS funds to complete much needed restoration and improvement projects required for the historic Town House. These projects include, painting, foundational work, restoration of flooring, installation of water and sewer, etc.	New Hampton NH	\$227
Town of Newmarket	Federal funding is necessary to replace the sewer force main and upgrade the Bay Road Pump Station, which are both critical for maintaining reliable wastewater conveyance and protecting the Lamprey River and Great Bay Estuary.	Newmarket NH	\$2,555
Town of Newport	CDS funds will be used to line Newport's most critical 120-year-old sewer pipes with CIPP (Cured-in-Place Pipe) lining.	Newport NH	\$800
Town of Newport	CDS funds will be used to address the funding gap for the Unity Road Waterlines Project. This project will replace nearly 4,000ft of 100-year-old water lines, that serve over 1,600 homes and businesses.	Newport NH	\$640
Town of Newport	The Town of Newport will use CDS funds to replace the town's 30-year-old water meters with an automated metering system.	Newport NH	\$730
Strawbery Banke Museum	The Strawberry Banke Museum seeks funding to advance its Stormwater Management Plan. This support will enable the Museum to create schematic designs and site programming for key areas that require enhanced drainage and water management.	Portsmouth NH	\$165
City of Portsmouth	The City of Portsmouth is constructing improvements to the sewer collection system to minimize excessive amounts of stormwater and groundwater from entering the sanitary sewer system through Inflow and Infiltration (I/I).	Portsmouth NH	\$500
City of Portsmouth	CDS funds will be used to support the construction of a PFAS treatment facility for the Greenland Well. The levels of PFAS in this well exceed the US EPA maximum contaminant levels that must be met by 2029.	Portsmouth NH	\$1,000
Town of Salem	This project installs a new water main connecting to existing mains on Lake St, Bluff St, Millville St and Kashmir Dr. The total length of water main to be installed will be approximately 8,700 feet.	Salem NH	\$3,906
U.S. Forest Service	Funding will be used to restore and relocate Chocorua Area Trails in the White Mountain National Forest in partnership with the Appalachian Mountain Club (AMC).	White Mountain National Forest NH	\$1,735
Town of Winchester	CDS funds will be used to construct a second water storage tank for the Town of Winchester to meet the town's water demand and emergency needs.	Winchester NH	\$1,280
Town of Winchester	CDS funds will be used to replace over 5,000 feet of existing water mains and the installation of 3,000 feet of new water main to provide public drinking water to residents. This application is requesting funding for the design and construction of the project.	Winchester NH	\$3,600
