

Applicant	Total Project Cost	Awarded Amount	Congressional District	Counties	Project Description
Town of Lincoln (Ozone)	\$ 1,000,000.00	\$ 500,000.00	NH-02	Grafton	Improved fireflow will result in increased commercial development and fire protection for existing commercial buildings. The project will increase pressure to allow for fireflow by modifications to an existing booster pump station at Crooked Mountain and a new 234,000 gal storage tank at Indian Mnt.
Twin State Maker Space	\$206,000.00	\$164,800.00	NH-02	Sullivan	Installation of rooftop solar power generation at the Claremont MakerSpace (CMS) in Claremont, NH. Savings on energy operating costs will be directly invested into education and workforce development programming to the benefit of the community.
Town of Swanze	\$1,044,300.00	\$500,000.00	NH-02	Cheshire	The Project will reconstruct 0.95 miles of road, replace/construct 0.49 miles of sidewalk, and improve/construct 2,100 l.f. of closed drainage on South Winchester, West, and Swanze Streets in West Swanze village, supporting existing business and future development benefiting Swanze and the region
Meridan Village Water District	\$470,000.00	\$376,000.00	NH-02	Sullivan	The project will install a Rapid Infiltration Basin System at the Wastewater Treatment Facility in order to upgrade from a surface water discharge to a groundwater discharge. Currently the discharge exceeds allowable levels for some contaminants.
Colebrook Community Child Care (Ozone)	\$196,920.00	\$158,642.00	NH-02	Coos	The project renovates an existing child care facility; provides teacher training; creates new programs and facilitates collaboration with other early childhood programs. This will preserve, improve and expand available child care, which is an essential component of the local economic infrastructure.
Community College System of NH (Ozone)	\$399,686.00	\$199,843.00	NH-02	Coos and Grafton	The project will address critical technical skills/service gaps to retain and expand regional business through an Accredited Test Facility for welders and computer and technical skills training for Advanced Manufacturers and other businesses.
Belknap Mill Society	\$508,228.00	\$250,000.00	NH-01	Belknap	The project will renovate/restore elements of the interior of the Belknap Mill, thereby stabilizing the historic structure and enabling continued and increased educational programming and job creation/retention.
Town of Newport	\$450,000.00	\$354,183.00	NH-02	Sullivan	The project will replace the water intake pipe system that is currently 8'x9' & is constructed of 2"x6" pieces of wood at Gilman Pond, Newport's primary water supply. It will increase intake capacity and prevent water bans during droughts and ensure business operations can continue uninterrupted.
Lakes Region Community College	\$379,650.00	\$189,825.00	NH-01	Belknap	Renovation of 4685 square feet of space to create two teaching laboratories and dining room facility to provide on-campus educational and training opportunities for those interested in entering the hospitality and tourism industries.
Nansen Ski Club (Ozone)	\$312,500.00	\$250,000.00	NH-02	Coos	The project will redevelop the historic Nansen Ski Jump for the purpose of holding US Nordic sanctioned competitions and the development of a North Country youth jumping program, while at the same time promote economic development through recreation tourism.
Turning Points Network	\$333,000.00	\$250,000.00	NH-02	Sullivan	This project will renovate 231 Broad Street in Claremont, NH to serve as the main office for Turning Points Network. The larger facility will allow TPN to expand capacity to deliver our Economic Independence Program, increasing skilled workforce throughout the region

Applicant	Total Project Cost	Awarded Amount	Congressional District	Counties	Project Description
Town of Groton	\$500,000.00	\$250,000.00	NH-02	Grafton	The Town of Groton would like to contract services with a company to repair one mile of road starting at the beginning of Sculptured Rocks Road and ending after the Sculptured Rocks State Park. This is a Class V Town Maintained Road.
Town of Carroll	\$331,250.00	\$250,000.00	NH-02	Coos	The project will include engineering and construction of a new, safer, 90 degree angle intersection at School Street with Route 302. Resolving storm drainage issues and creating a proper intersection for the Public Safety and Town Administration Buildings to be constructed on School Street.
Soutwest Regional Planning Commission	\$150,000.00	\$75,000.00	NH-02	Cheshire	The Project will provide planning and technical assistance to municipalities, businesses, and other stakeholders to adopt policies and implement strategies that address economic development challenges, improving communities' capacity to attract and retain businesses, jobs and a skilled workforce.
