

| Applicant                              | Total Project Cost | Awarded Amount | Congressional District | Counties         | Project Description  | Contact Information  |
|--|--------------------|----------------|------------------------|------------------|--|--|
| Town of Lincoln (Ozone)                | \$ 1,000,000.00    | \$ 500,000.00  | NH-02                  | Grafton          | Improved fireflow will result in increased commercial development and fire protection for existing commercial buildings. The project will increase pressure to allow for fireflow by modifications to an existing booster pump station at Crooked Mountain and a new 234,000 gal storage tank at Indian Mnt. | Alfred Burbank Town Manager 603-745-2757<br>townmanager@lincolnh.org       |
| Twin State Maker Space                 | \$206,000.00       | \$164,800.00   | NH-02                  | Sullivan         | Installation of rooftop solar power generation at the Claremont MakerSpace (CMS) in Claremont, NH. Savings on energy operating costs will be directly invested into education and workforce development programming to the benefit of the community.   | Josh Bushneff, Director 603-504-3419<br>director@claremontmakerspace.org   |
| Town of Swanzey                        | \$1,044,300.00     | \$500,000.00   | NH-02                  | Cheshire         | The Project will reconstruct 0.95 miles of road, replace/construct 0.49 miles of sidewalk, and improve/construct 2,100 l.f. of closed drainage on South Winchester, West, and Swanzey Streets in West Swanzey village, supporting existing business and future development benefiting Swanzey and the region | Michael Branley, Town Manager 603-352-7411<br>mbrandley@town.swanzey.nh.us |
| Meridan Village Water District         | \$470,000.00       | \$376,000.00   | NH-02                  | Sullivan         | The project will install a Rapid Infiltration Basin System at the Wastewater Treatment Facility in order to upgrade from a surface water discharge to a groundwater discharge. Currently the discharge exceeds allowable levels for some contaminants.   | William Taylor, Chief Operator 603-469-3486<br>billtaylor@mwd@gmail.com    |
| Colebrook Community Child Care (Ozone) | \$196,920.00       | \$158,642.00   | NH-02                  | Coos             | The project renovates an existing child care facility; provides teacher training; creates new programs and facilitates collaboration with other early childhood programs. This will preserve, improve and expand available child care, which is an essential component of the local economic infrastructure. | Benjamin Rice, Treasurer 541-500-7679<br>benjaminrice@yahoo.com            |
| Community College System of NH (Ozone) | \$399,686.00       | \$199,843.00   | NH-02                  | Coos and Grafton | The project will address critical technical skills/service gaps to retain and expand regional business through an Accredited Test Facility for welders and computer and technical skills training for Advanced Manufacturers and other businesses.   | Ross Gittell, Chancellor 603-230-3501<br>rgittell@ccsnh.edu                |
| Belknap Mill Society                   | \$508,228.00       | \$250,000.00   | NH-01                  | Belknap          | The project will renovate/restore elements of the interior of the Belknap Mill, thereby stabilizing the historic structure and enabling continued and increased educational programming and job creation/retention.  | Karen Prior, Executive Director 603-524-8813<br>karen@belknapmill.org      |
| Town of Newport                        | \$450,000.00       | \$354,183.00   | NH-02                  | Sullivan         | The project will replace the water intake pipe system that is currently 8'x9' & is constructed of 2"x6" pieces of wood at Gilman Pond, Newport's primary water supply. It will increase intake capacity and prevent water bans during droughts and ensure business operations can continue uninterrupted.    | Hunter Rieseberg, Town Manager 603-863-1877                                |
| Lakes Region Community College         | \$379,650.00       | \$189,825.00   | NH-01                  | Belknap          | Renovation of 4685 square feet of space to create two teaching laboratories and dining room facility to provide on-campus educational and training opportunities for those interested in entering the hospitality and tourism industries.  | Larissa Baia, President 603-524-3207<br>lbaia@ccsnh.edu                    |
| Nansen Ski Club (Ozone)                | \$312,500.00       | \$250,000.00   | NH-02                  | Coos             | The project will redevelop the historic Nansen Ski Jump for the purpose of holding US Nordic sanctioned competitions and the development of a North Country youth jumping program, while at the same time promote economic development through recreation tourism.   | Scott Halvorson, Treasurer 603-724-9033<br>shalvor22@gmail.com             |

|  |                    |                    |       |          |   |  |
|--|--------------------|--------------------|-------|----------|---|--|
| Turning Points Network                 | \$333,000.00       | \$250,000.00       | NH-02 | Sullivan | This project will renovate 231 Broad Street in Claremont, NH to serve as the main office for Turning Points Network. The larger facility will allow TPN to expand capacity to deliver our Economic Independence Program, increasing skilled workforce throughout the region                               | manager@newportnh.gov  |
| Town of Groton                         | \$500,000.00       | \$250,000.00       | NH-02 | Grafton  | The Town of Groton would like to contract services with a company to repair one mile of road starting at the beginning of Sculptured Rocks Road and ending after the Sculptured Rocks State Park. This is a Class V Town Maintained Road.   | Sara Smith, Administrator 603-744-9190<br>selectmen@grotonnh.org               |
| Town of Carroll                        | \$331,250.00       | \$250,000.00       | NH-02 | Coos     | The project will include engineering and construction of a new, safer, 90 degree angle intersection at School Street with Route 302. Resolving storm drainage issues and creating a proper intersection for the Public Safety and Town Administration Buildings to be constructed on School Street.       | Bonnie Maroney, Chair of Selectmen 603-846-5494<br>selectmen@townofcarroll.org |
| Southwest Regional Planning Commission | \$150,000.00       | \$75,000.00        | NH-02 | Cheshire | The Project will provide planning and technical assistance to municipalities, businesses, and other stakeholders to adopt policies and implement strategies that address economic development challenges, improving communities' capacity to attract and retain businesses, jobs and a skilled workforce. | Tim Murphy, Executive Director 603-357-0557<br>tmurphy@swrpc.org               |
| <b>Totals</b>                          | <b>\$6,281,534</b> | <b>\$3,768,293</b> |       |          |   |  |
|  |                    |                    |       |          |   |  |
|  |                    |                    |       |          |   |  |
|  |                    |                    |       |          |   |  |
|  |                    |                    |       |          |   |  |
